

This BevGuard® brand filter contains a 5 Micron compressed carbon block and polyphosphate scale inhibitor. Our high-quality carbon block provides tremendous capacity to reduce impurities such as chlorine taste and odor as well as sand, silt, sediment and rust which may be present in your drinking water. Patented scale inhibitor media reduces the accumulation of minerals that lead to hard water deposits from lime scale build up on equipment. These processes ensure that you are getting the cleanest and best tasting water possible. The BGC-0200S provides superior protection for your office coffee and Insta-hot appliances which reduces down time, unnecessary maintenance and extends the life of your appliance.

This BevGuard® filter is economical and will provide you superior protection in any beverage or food equipment application.

FILTER FEATURES

- Provides up to four times the scale reduction capacity compared to most other brands
- Engineered to be used on one or two half gallon coffee brewers
- Perfect scale control for small Insta-Hot appliances
- Provides superior scale, sediment, chlorine taste and odor reduction for 1,500 gallons
- Ensures consistent water quality for the perfect cup of coffee for 1 to 5 Cup brewers
- 5 Micron coconut shell activated carbon for superior capacity and performance
- Patented scale inhibitor provides over six months of scale protection for equipment
- Reduces unnecessary down time due to service calls

REPLACES

- EQ-17-TL

Model	Part #	Reduces	Micron	Capacity	Flow Rate
BGC-0200S	105192	Scale, Sand, Silt, Sediment, Rust, Chlorine, Taste, and Odor	5.0	1,500 Gallons	0.5 GPM

SPECIFICATIONS

Micron Rating:	5 Micron
Dimensions:	2½" x 8⅝" (6.35 x 21.34 cm)
Operating Pressure:	30-100 psi (2.0-6.9 bar)
Operating Temperature:	35°-100° F (1.7°-38° C)
Flow Rate:	0.5 gpm (1.89 lpm)
Life:	6 Months or 1,500 gallons (5678 liters)

Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

WARRANTY

BevGuard by TST Water, warrants water treatment systems will be free from defects in material and manufacture for five (5) years from the date of purchase. Replacement filter cartridges and elements are warranted to be free from defects in material and manufacture for one (1) year from the date of purchase.
